

# Explanation of the Pictogram Symbols

3.00

Warning symbols warn of possible danger areas. They are pointing out safe operation of the unit.

Keep the warning symbols clearly visible and clean and replace when damaged or re-sprayed by paint. They can be ordered under the order numbers stated.

1 9998.02.59	  9998.002.59	Read operators instruction book before operation and ensure you understand the safety advices and the informations contains in it.
2 9998.02.73	  9998.02.73	Retighten all screws and bolts after the initial hours of work, and check regularly for tightness thereafter. For torque settings refer to manual or parts list. Use torque limiting spanner.
3 9998.02.56	  9998.02.56	Never allow people to stand or sit on the machine during work or in transport. Enter filling platform only when the machine is not in motion.
4 9998.02.53	  9998.02.53	Folding wings. Keep away! Keep clear and do not enter danger area. When extending take care of sufficient space.
5 9998.02.52	  9998.02.52	Plough may turn or swing in. Keep away. Do not enter danger area.

<b>6</b>  9998.02.61		<p>Danger of squeezing. Keep away!</p>
----------------------------	---	--

<b>7</b>  9998.02.55		<p>Rotating tools. Keep away! Do not grasp behind safety devices or covers. Never carry out work unless PTO-drive is disengaged and the engine is stopped.</p>
----------------------------	---	--
