This technical drawing is an exploded view of a mechanical assembly, showing various components and their assembly sequence. The parts are numbered as follows:

- 1**: A bracket or support plate at the bottom left.
- 2**: A screw or bolt passing through part 1.
- 3**: A small cylindrical component or bush.
- 4**: A thin rectangular plate.
- 4a**, **4b**, **4c**: Three sub-components or sections of part 4.
- 5**: A curved, blade-like component.
- 5a**, **5b**, **5c**: Three different views or sections of part 5.
- 6**: Screws or bolts used to secure part 5.
- 7**: A small rectangular plate or washer.
- 8**: Screws or bolts used to secure part 7.
- 9**: A long, vertical shaft or rod.
- 10**: A nut or lock nut for the shaft.
- 11**: A bracket or support plate on the right side.
- 12**: A small component, possibly a bush or spacer, on the shaft.
- 13**: A small rectangular plate or washer.
- 14**: A screw or bolt passing through part 13.
- 15**: A bracket or support plate on the right side.
- 16**: A bracket or support plate on the right side.
- 17**: A bracket or support plate on the right side.
- 18**: A bracket or support plate on the right side.
- 19**: A bracket or support plate on the right side.
- 20**: A small component, possibly a bush or spacer, on the shaft.
- 21**: A bracket or support plate on the right side.
- 22**: A screw or bolt passing through part 1.
- 23**: A bracket or support plate on the right side.
- 24**: A bracket or support plate on the right side.
- 25**: A bracket or support plate on the right side.
- 26**: A bracket or support plate on the right side.
- 27**: A bracket or support plate on the right side.
- 28**: A bracket or support plate on the right side.
- 29**: A nut or lock nut for the shaft.

The diagram uses dashed lines to indicate the assembly path and alignment of the components.
